

These species are listed by group. First the gilled mushrooms (agarics), by spore color and within spore color groups, by groups that would be classified in the traditional, Friesian genera. Then non-agaric Basidiomycota and finally the Ascomycota. Former generic names and synonym (old, out of date) species names are in parentheses.

GILLED - SPORES WHITE

Amanita augusta (A. franchettii, A. aspera)	Gymnopus (Collybia) dryophila
Amanita constricta	Gymnopus (Collybia) fuscopurpureus
Amanita gemmata	Gymnopus (Collybia) peronatus
Amanita muscaria	Rhodocollybia (Collybia) butyracea
Amanita pachycolea	Rhodocollybia (Collybia) maculata
Amanita pantherina	Strobilurus (Collybia) albopilatus
Amanita porphyria	Strobilurus (Collybia) trullisatus
Amanita silvicola	Flammulina velutipes
Amanita smithiana	Marasmiellus (Marasmius) candidus (M. magnisporus)
Amanita vaginata	Marasmius androsaceus
Armillaria nabsnona (A. mellea)	Marasmius oreades
Armillaria sinapina (A. mellea)	Marasmius plicatulus
Armillaria solidipes (A. ostoyae, A. mellea)	Mycenitus (Marasmius) copelandii
Cystoderma cinnabarinum	Hygrocybe (Hygrophorus) conica
Cystoderma amianthinum	Hygrocybe (Hygrophorus) laetus
Cystoderma fallax	Hygrocybe (Hygrophorus) miniata var. miniata
Cystoderma granulorum	Hygrophorus bakerensis
Ampulloclitocybe (Clitocybe) avellaneaalba	Hygrophorus camarophyllus
Ampulloclitocybe (Clitocybe) clavipes	Hygrophorus piceae
Clitocybe dealbata	Laccaria amethysteo-occidentalis
Clitocybe deceptiva	Laccaria bicolor
Clitocybe dilatata	Laccaria laccata
Clitocybe flaccida	Chlorophyllum (Lepiota) brunneum (previously lumped into L. rachodes)
Clitocybe fragrans	Chlorophyllum (Lepiota) olivieri (previously lumped into L. rachodes)
Clitocybe nebularis	Chlorophyllum (Lepiota) rachodes
Clitocybe odora	Cystolepiota (Lepiota) seminuda
Hygrophoropsis (Clitocybe) aurantiaca	Lepiota atrodisca
Lepista (Clitocybe) inversa	Lepiota magnispora (L. clypeolaria)
Lepista (Clitocybe) irina	Lepiota cristata
Lepista (Clitocybe) nuda	Leucoagaricus leucothites (Lepiota naucinus)
Lyophyllum decastes	Leucoagaricus (Lepiota) rubrotinctus
Baeospora mysosura	
Collybia cirrhata	
Dendrocollybia (Collybia) racemosa	
Gymnopus (Collybia) acervatus	
Gymnopus (Collybia) confluens	

Leucocoprinus brebissonii	longinquus)
Lepiota subincarnata (L. heveola)	Pleurotus pulmonarius (P. ostreatus)
Leucopaxillus albissimus	Lactarius alnicola
Leucopaxillus gentianeus (L. amarus)	Lactarius deliciosus
Macrocyttidia cucumis	Lactarius fallax
Lyophyllum decastes	Lactarius kaufmanii
Melanoleuca cognata	Lactarius luculentus var. laetus
Melanoleuca melaleuca	Lactarius obscuratus
Hemimycena (Mycena) delectabilis	Lactarius occidentalis
Hemimycena (Mycena) delicatella	Lactarius pallescens
Mycena adonis (M. amabilissima)	Lactarius parvis
Mycena amicta	Lactarius pseudomucidus
Mycena atroalboides	Lactarius pubescens
Mycena aurantiidisca	Lactarius repraesentaneus
Mycena aurantiomarginata	Lactarius rubrilacteus
Mycena clavicularis	Lactarius rufus
Mycena epipterygia	Lactarius scrobiculatus
Mycena filopes	Lactarius torminosus
Mycena fragillima	Lactarius uvidus
Mycena galericulata	Russula abietina
Mycena haematopus	Russula aeruginea
Mycena leptcephala	Russula alutacea
Mycena metata	Russula brevipes
Mycena oregonensis	Russula cascadenis
Mycena pura	Russula cremoricolor
Mycena purpureofusca	Russula cyanoxantha
Mycena robusta (M. plumbea)	Russula decolorans
Mycena rosella	Russula dissimulans (R. nigricans)
Mycena sanguinolenta	Russula fragilis
Mycena stipata (M. alcalina)	Russula fragrantissima
Roridomyces (Mycena) roridus	Russula occidentalis
Chrysomphalina aurantiaca (Omphalina luteicolor)	Russula placita
Chrysomphalina (Omphalina) chrysophylla	Russula sanguinea (R. rosacea)
Lichenomphalia (Omphalina) umbellifera (O. ericetorum)	Russula silvicola
Xeromphalina campanella	Russula xerampelina
Xeromphalina caudicinalis	Tricholoma flavovirens
Xeromphalina fulvipes	Tricholoma focale (T. zelleri)
Panellus serotinus	Tricholoma inamoenum
Panellus stipticus	Tricholoma pardinum
Pleurocybella (Pleurotus) porrigens	Tricholoma pessundatum
Pleurotopsis longinqua (Panellus	Tricholoma ponderosum
	Tricholoma populinum
	Tricholoma saponaceum

Tricholoma sejunctum
 Tricholoma terreum
 Tricholoma vaccinum
 Tricholoma virgatum
 Tricholomopsis decora
 Tricholomopsis rutilans
 Leucopaxillus albissimus
 Leucopaxillus giganteus (Clitocybe
 gigantea)
 Leucopaxillus gentianeus (L. amarus)

**GILLED - PINK SPORES (see also
 Lepista in Clitocybe)**

Alboleptonia sericella var. lutescens
 Clitopilus prunulus
 Entoloma bloxami (E. madidum)
 Entoloma lividum
 Leptonia serrulata
 Nolanea sericea
 Pluteus atromarginatus
 Pluteus cervinus
 Pluteus lutescens

GILLED - BROWN SPORES

Conocybe filaris
 Conocybe tenera
 Cortinarius alboviolaceus
 Cortinarius armillatus
 Cortinarius brunneus
 Cortinarius cacao-color
 Cortinarius calochrous
 Cortinarius camphoratus
 Cortinarius (Rozites) caperatus
 Cortinarius clandestinus
 Cortinarius croceus
 Cortinarius elegantior
 Cortinarius glaucopus
 Cortinarius malicorius
 Cortinarius mutabilis
 Cortinarius obtusus
 Cortinarius phoeniceus var. occidentalis
 Cortinarius pyriodorus
 Cortinarius rigidus
 Cortinarius sanguineus
 Cortinarius semisanguineus
 Cortinarius traganus

Cortinarius vibratilis
 Cortinarius violaceus

 Crepidotus applanatus
 Crepidotus epibryus (C. herbarum)
 Crepidotus mollis
 Galerina autumnalis
 Galerina marginata (G. venenata)
 Gymnopilus aeruginosus
 Gymnopilus penetrans
 Gymnopilus punctifolius
 Gymnopilus sapineus
 Gymnopilus junonius (G. spectabilis)
 Gymnopilus ventricosus
 Hebeloma mesophaeum
 Hebeloma incarnatulum (H. crustuliniforme)
 Inocybe albodisca
 Inocybe calamistrata
 Inocybe geophylla
 Inocybe hirsuta var. maxima
 Inocybe lacera
 Inocybe lilacina
 Inocybe napipes
 Inocybe pudica
 Inocybe rimosa (I. fastigiata)
 Inocybe sororia
 Inocybe stellatospora
 Paxillus involutus
 Tapinella (Paxillus) atrotomentosa
 Tapinella (Paxillus) panuoides

 Phaeolepiota aurea
 Pholiota astragalina
 Pholiota aurivella
 Pholiota decorata
 Pholiota flavida
 Pholiota limonella
 Pholiota malicola
 Pholiota (Kuehneromyces) mutabilis
 Pholiota squarrosoides
 Pholiota terrestris

**CHOCOLATE OR PURPLE BROWN
 SPORES**
 Agrocybe erebia
 Agaricus arvensis

Agaricus augustus
 Agaricus benesi
 Agaricus campestris
 Agaricus comptulus
 Agaricus diminutivus
 Agaricus haaemorrhoidarius
 Agaricus hondensis
 Agaricus moelleri (A. praeclarisquamosus)
 Agaricus nivescens
 Agaricus silvicola

Hypholoma (Naematoloma) capnoides
 Hypholoma (Naematoloma) dispersum
 Hypholoma (Naematoloma) fasciculare
 Leratiomyces ceres (Hypholoma aurantiaca,
 Stropharia aurantiaca)
 Psilocybe azurescens
 Psilocybe cyanescens
 Psilocybe pelliculosa
 Psilocybe semilanceata
 Psilocybe stuntzii
 Stropharia aeruginosa
 Stropharia ambigua
 Stropharia kauffmanii
 Stropharia rugosa-annulata
 Stropharia semiglobata
 Stropharia pseudocyanea (Pholiota
 subcaerulea)

Panaeolus campanulatus
 Panaeolina (Panaeolus) foenisecii
 Lacrymaria (Psathyrella) velutina
 Psathyrella gracilis
 Psathyrella longistriata
 Psathyrella piluliformis (P. hydrophila)

GILLED - BLACK OR GRAY SPORES

Coprinellus (Coprinus) micaceus
 Coprinopsis (Coprinus) atramentarius
 Coprinopsis (Coprinus) lagopus
 Coprinus comatus
 Parasola (Coprinus) plicatilis

Chroogomphus tomentosus
 Gomphidius glutinosus
 Gomphidius oregonensis

Gomphidius smithii
 Gomphidius subroseus

CHANTERELLES

Cantharellus formosus (C. cibarius)
 Cantharellus subalbidus
 Craterellus (Cantharellus) tubaeformis
 Gomphus clavatus
 Polyozellus multiplex
 Turbinellus (Gomphus) bonarii
 Turbinellus (Gomphus) floccosus
 Turbinellus (Gomphus) kaufmanii

CORALS & CAULIFLOWER

Alloclavaria (Clavaria) purpurea
 Artomyces (Clavicornia) pyxidatus
 Clavaria vermicularis
 Clavariadelphus occidentalis (C. pistillarum)
 Clavariadelphus truncatus
 Clavulina cinerea
 Clavulina cristata
 Clavulinopsis corniculata
 Clavulinopsis fusiformis
 Clavulinopsis laeticolor
 Ramaria abietina
 Ramaria araiospora
 Ramaria botrytis
 Ramaria formosa
 Ramaria gelatinosa var. oregonensis
 Ramaria rasilispora
 Ramaria sanguinea
 Ramaria stricta
 Sparassis crispa (S. radicata)

Thelephora palmatus
 Thelephora terrestris

BOLETES

Boletus calopus
 Boletus chrysenteron
 Boletus coniferarum
 Boletus edulis
 Boletus fibrillosus
 Boletus mirabilis
 Boletus smithii
 Boletus zelleri

Chalciporus (Boletus) piperatus
 Leccinum aurantiacum
 Leccinum ponderosum
 Leccinum scabrum
 Porphyrellus (Tylopilus) pseudoscaber
 Suillus caerulescens
 Suillus granulatus
 Suillus lakei
 Suillus luteus

PUFF BALLS

Bovista plumbea
 Calvatia bovista
 Calvatia fumosa
 Geastrum saccatum
 Lycoperdon nettyana
 Lycoperdon nigrescens (L. foetidum)
 Lycoperdon perlatum
 Lycoperdon (Morganella) pyriforme
 Lycoperdon umbrinum
 Vascellum lloydianum (V. pratense, V. depressum)
 Scleroderma cepa

Rhizopogon ochraceorubens
 Rhizopogon vinicolor

BIRD NEST FUNGI

Nidula candida
 Nidula niveotomentosa
 Crucibulum laeve
 Cyathus striatus

JELLY FUNGI

Calocera cornea
 Calocera viscosa
 Dacrymyces chrysospermus (D. palmatus)
 Dacrymyces stillatus (D. deliquescens)
 Heterotextus (Guepiniopsis) alpinus
 Pseudohydnum gelatinosum
 Tremella mesenterica
 Tremiscus (Phlogiotis) helvelloides

TOOTHED FUNGI

Auriscalpium vulgare
 Hericium abietis

Hericium coralloides (H. ramosum)
 Hericium erinaceus
 Hydnellum aurantiacum
 Hydnellum peckii
 Hydnellum scrobiculatum
 Hydnellum suaveolens
 Hydnum (Dentinum) repandum
 Hydnum (Dentinum) umbilicatum
 Phellodon tomentosus
 Sarcodon (Hydnum) imbricatus

POLYPORES & ALLIES

Albatrellus ovinus
 Bonderzewia mesenterica (B. montana)
 Coltricia perennis
 Cryptoporus volvatus
 Daedaleopsis conragosa
 Fomitopsis (Fomes) cajanderi
 Fomitopsis (Fomes) pinicola
 Ganoderma applanatum
 Ganoderma oregonense
 Gloeophyllum sepiarium
 Heterobasidion (Fomes) annosum
 Janoporus (Polyporus) hirtus
 Laetiporus conifericola (L. sulphureus)
 Oligoporus (Polyporus) caesius
 Phaeolus schweinitzii
 Polyporus badius
 Porodaedalea (Phellinus, Fomes) pini
 Stereum gausapatum
 Trametes (Coriolus) hirsuta
 Trametes (Coriolus) versicolor
 Trichaptum (Hirshioporus) abietinum

Phlebia (Merulius) tremellosa

ASCOMYCETES

Aleuria aurantia
 Bisporella citrina
 Chlorociboria aeruginascens
 Gyromitra infula
 Helvella crispa
 Helvella elastica
 Helvella lacunosa
 Hypomyces chrysospermus
 Hypomyces lactifluorum

Hypomyces leuteovirens
Hypoxyton multiforme
Otidea onotica
Peziza badia
Peziza vesiculosa
Rhytisma punctatum
Scutellia scutellata
Spathularia flavida
Xylaria atropictor
Xylaria hypoxyton
